SPEAKER BIOGRAPHY

Ryan Gravel, Founder

Sixpitch

Session: Opening Keynote

Ryan Gravel is an urban planner, designer, and author working on infrastructure, concept development, and policy as the founder of Sixpitch. His master's thesis launched the Atlanta Beltline, which after fifteen years of progress, is changing both the physical form of his city and the decisions people make about living there. Alongside other projects at Sixpitch and research on similar "catalyst infrastructure" projects around the world, Ryan's book, "Where We Want to Live," (March, 2016), investigates this cultural side of infrastructure, describing how its intimate relationship with our way of life can illuminate a brighter path forward for cities.
